| 6 | Hinduism |
| Strand: | Community & Identity |
| Key Question: | What might a Hindu gain from a pilgrimage to India? |
| Focus of study: | Find out about the range of places that Hindus might visit in India; interview people who have done a pilgrimage. Consider the spiritual impact and the sense of community that a pilgrimage might give a believer |

background information for teachers.

A pilgrimage is a special religious journey that is made for a specific purpose. They are considered important for spiritual progress.

In Hinduism, certain places are considered holy because of a connection with a historical event, a person, or a god. Hindus have many different sacred places which are usually linked to different deities and many Hindu pilgrimage sites lie along India's rivers, especially the Ganges. For Hindus, bathing in a holy river symbolises the washing away of sin.

Hindus may choose to go on a pilgrimage because:

- They believe it connects them with Brahman as they can show their belief in God.
- It is a way of meeting other Hindus who share similar beliefs.
- They believe that people who die in Varanasi can achieve moksha.
- They hope that pilgrimage will make them blessed by God and help them to achieve their ultimate goal of moksha through their devotion.
- They believe it strengthens their relationship with God and draws them closer to God.
- They believe it contributes to their spiritual development, purification and atonement of sins.
- It is an opportunity for self-reflection.

Hajj is the Muslim pilgrimage, which it is compulsory for Muslims to undertake at least once in their lifetime as long as they are healthy and can afford it. It occurs in the month of Dhul Hijjah which is the twelfth month of the Islamic lunar calendar

Muslims may choose to go to Hajj because they believe:

- Their sins are forgiven.
- It offers a chance to start anew before Allah.
- It brings all Muslims together as one (creates a sense of unity).
- It is commanded by Allah.
- Hajj absolves pilgrims of all past sins.
- Hajj shows self-discipline and fulfils a religious duty, bringing Muslims closer to God.

community feels they have gained from any pilgrimages they have been on.

Revisit children's learning from the Year 5 Islam topic on Hajj.

Ensure children understand that Hajj is a pilgrimage for Muslims.

Discuss what happens at Hajj – watch the BBC Class Clip/Newsround videos on Hajj as a recap and, if possible, look back at children's work/books from last year/invite a Muslim visitor in who has been to Hajj for children to question.

Discuss the similarities and differences between Hindu and Islamic pilgrimages, e.g. Hindus can visit various pilgrimage sites, whereas Muslims can only visit Makkah (difference) / Both Muslims and Hindus believe that their sins are cleansed on the pilgrimages (similarity).

Consider what a Muslim may gain from Hajj. Pose this question to a Muslims visitor if possible. Lead discussion to exploring how/why a Muslim might gain this.

| Evaluate/Assess: | |
|------------------|--|
| | |

Return back to the main question.

Discuss children's ideas as to what Hindus may gain from a pilgrimage to India. Lead discussion to exploring how/why a Hindu might gain this.

Children to Diamond 9 the different 'gains' they have thoughts of — which gain would be most important to a Hindu? Why? Which gain would be most important to you? Why?

Compare the identified gains from Muslim and Hindu pilgrimage – how are they similar/different? Have a comparison table/double bubble map at the front of the classroom (on large paper/on the whiteboard etc.) – invite children up to add their thoughts under the similarities/differences headings. Discuss any new suggestions that are added.

Alternatively, children can complete their own comparison tables individually/in small groups.

| Alternatively, children can complete their own comparison tables individually/in small groups. | | |
|--|--|--|
| Assessment opportunities: | Ask children the key question at the beginning of the topic – children to record | |
| | their initial thoughts/responses, e.g. as a bubble map. | |
| | Revisit the key question at the end of every lesson as a class discussion – | |
| | children to add new thoughts/responses in a different colour. | |
| | Revisit the key question when the Hindu visitor is in – is there anything they | |
| | would add to the bubble map? Is there anything children would add to the | |
| | bubble map after listening to the visitor? | |
| | | |
| | Children could have individual bubble maps in their books or create a class | |
| | bubble map on A3 paper. | |
| Notes | | |
